We also ask all students to keep a **STUDY DIARY**, recording the date, subject, and what you learnt at each class that you attend. See your **STUDENT HANDBOOK** for more information about how to complete a **STUDY DIARY**  
Your **ATTENDANCE RECORD** and your **STUDY DIARY** will be your complete record of your course attendance.

Personal one-to-one tutorials or small group studies are also on offer. er. Please see Tony or Nick for more information

When you attend your first lecture please fill in an enrolment form and hand it in at the Bible School office  
We encourage you to pray over this timetable and ask God to show you which lectures would be right for you at this stage, then commit yourself to attending those each week for the term.  
Think too about whom else you know who might also benefit and bring them along with you.  
We welcome you asking questions either during a lecture or afterwards. It is a very important part of learning.
